

# SIP Facility Profile Form

**Note:** Invalid phone numbers and email address if entered in text fields in the form shall not be populated in SIP.

Facility Name

## **THERAPEUTIC AREAS AND PATIENT POPULATION**

**THERAPEUTIC AREA(S)** Provide the list of Therapeutic Areas for your Facility:

Sub-Therapeutic Areas:

**Note:** Sub-Therapeutic Areas can be selected online from the Facility Profile in SIP.

Other Areas of Expertise:

## STUDY PHASE CAPABILITIES

Phase I

Phase II

Phase III

Phase IV

## OTHER FACILITY DETAILS

Do you have Affiliated Research Sites or Satellite Sites/Clinics? A Satellite Site is a secondary location where the investigator sees clinical trial subjects. Usually this is the same investigator who sees subjects at the primary site location.

Yes

No

What study types does your Facility have experience with?

Academic

Industry

Investigator  
Initiated

Government

Other

Other

Is your Facility affiliated with a government agency or part of a government funded health service?

Yes

No

Not Applicable

## PATIENT POPULATION

Patient Population Demographics

Pediatrics - Less than or equal to 17

Adults - Ages 18-64

Geriatrics - Greater than or equal to 65

Patient Population Comments:

## **CONSENT AND TRAINING**

### **CONSENT**

|                                                                                                     |     |    |
|-----------------------------------------------------------------------------------------------------|-----|----|
| Does your Facility have a written SOP/Policy/Procedure for: Informed Consent?                       | Yes | No |
| Does your Facility have a written SOP/Policy/Procedure for: Other vulnerable populations?           | Yes | No |
| Does your Facility have a written SOP/Policy/Procedure for: Minor Assent for pediatric populations? | Yes | No |
| Will your Facility require language translations for consents?                                      | Yes | No |

*Note: Languages can be selected online from the Facility Profile in SIP.*

|                                                                                                      |                |    |
|------------------------------------------------------------------------------------------------------|----------------|----|
| If located in the US, has your Facility used or are you able to use the informed consent short form? | Yes            | No |
|                                                                                                      | Don't Know     |    |
|                                                                                                      | Not Applicable |    |

### **TRAINING**

|                                                                                                                                                                                                                                  |     |    |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|----|
| Does your Facility have a training program for the research staff?                                                                                                                                                               | Yes | No |
| Does the course content include GCP?                                                                                                                                                                                             | Yes | No |
| Does your Facility use an external program to conduct research training?                                                                                                                                                         | Yes | No |
| Please provide program course name:                                                                                                                                                                                              |     |    |
| Do you have a process or program in place to retrain research staff when a protocol is amended?                                                                                                                                  | Yes | No |
| Does the study staff that prepares or transports dangerous goods have training that meets the IATA International Air Transport Association (US) or other countries hazardous training requirements for shipping dangerous goods? | Yes | No |

## **FACILITY AND EQUIPMENT**

### **FACILITY CAPABILITIES**

|                                                                                                                                     |                       |    |
|-------------------------------------------------------------------------------------------------------------------------------------|-----------------------|----|
| Can your Facility support patient visits on weekends?                                                                               | Yes                   | No |
| Can your Facility support in-patient admissions for research studies?                                                               | Yes                   | No |
| Does your study staff have sufficient English knowledge to understand communications in English?                                    | Yes                   | No |
| Does your Facility have access to translators and translation support for study conduct (e.g. consent, study specific instruction)? | Yes<br>Not Applicable | No |
| Does the Facility have storage space for Study-Related materials (e.g. Lab Kits, Patient Materials, etc.)?                          | Yes                   | No |
| Does your Facility have the ability to collect and store PK/PD specimens?                                                           | Yes                   | No |
| Does your Facility have the ability to collect PK/PD samples beyond normal business hours?                                          | Yes                   | No |
| Does your Facility typically allow the collection of Pharmacogenomic (PGX) samples for research purposes?                           | Yes                   | No |

## EQUIPMENT

Identify the Diagnostic Equipment available at or near the Facility to support Research studies?  
(Check all that apply.)

|         |                                                                               |
|---------|-------------------------------------------------------------------------------|
| NA      | Not Applicable                                                                |
| CT Scan | Computerized Tomography Scan                                                  |
| DXA     | Dual-Energy X-ray Absorptiometry or Bone Densitometry                         |
| ECG/EKG | Electrocardiogram                                                             |
| FLRO    | Fluoroscopy                                                                   |
| MRI     | Magnetic Resonance Imaging                                                    |
| MRA     | Magnetic Resonance Angiography (MRA)                                          |
| MRS     | Magnetic Resonance Spectroscopy (MRS)                                         |
| MAMMO   | Mammography                                                                   |
| NMED    | Nuclear medicine (e.g. Bone scan, thyroid scan, thallium cardiac stress test) |
| PET     | Positron Emission Tomography Scan                                             |
| X-ray   | X-Radiation                                                                   |
| Other   | Other                                                                         |

Describe any additional equipment relevant to Clinical Trials:

## GENERAL EQUIPMENT

|                                                                                                                                                                                                                     |     |    |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|----|
| Does your Facility have an SOP or process that ensures routine calibration and maintenance of general equipment? Examples of general equipment include: scale, pulse oximeter, stadiometer, sphygmomanometer, etc.? | Yes | No |
| Does your Facility have the necessary equipment to treat medical emergencies (ie. code cart)?                                                                                                                       | Yes | No |

## Identify the equipment available at the Facility to support Research studies?

### Centrifuge

#### Refrigerated Centrifuge

##### Refrigerator (2 to 8 Degrees C)

###### Equipment Capabilities: Refrigerator (2 to 8 Degrees C)

|                                                                                                                   |     |    |
|-------------------------------------------------------------------------------------------------------------------|-----|----|
| Do you have the ability to generate a temperature monitoring log for this equipment?                              | Yes | No |
| Does this equipment provide Min/Max Temperature Monitoring?                                                       | Yes | No |
| How frequently can temperature measurement occur? Check the most frequent measurement your equipment can support. |     |    |
| Does this equipment have back-up power?                                                                           | Yes | No |
| Does this equipment have a temperature alarm?                                                                     | Yes | No |
| Do you have an SOP which supports calibration of this equipment?                                                  | Yes | No |

##### Freezer (-20 to -30 Degrees C)

###### Equipment Capabilities: Freezer (-20 to -30 Degrees C)

|                                                                                                                   |     |    |

| Does this equipment provide Min/Max Temperature Monitoring?                                                       | Yes | No |
| How frequently can temperature measurement occur? Check the most frequent measurement your equipment can support. |     |    |
| Does this equipment have back-up power?                                                                           | Yes | No |
| Does this equipment have a temperature alarm?                                                                     | Yes | No |
| Do you have an SOP which supports calibration of this equipment?                                                  | Yes | No |

## COMPUTER CAPABILITIES

Does your Facility have computers which are dedicated to research studies? Yes ☐ No ☐

What type of computer operating system(s) does your institution use to support studies?

Windows (Windows XP, Windows 7, Windows 8, etc)

Apple/Mac (OS X Snow Leopard, Mountain Lion, El Captain, etc)

Unix/Linux (Solaris, Ubuntu, Redhat, etc)

I don't know

Other

What type of internet access does your Facility have?

Does your Facility limit or prohibit access and use of external web-based tools or sites for clinical research (E.g. web portals to submit documents to sponsors or CROs)?

Does the Facility have access to local IT support?

# SIP Facility Profile Form

## INVESTIGATIONAL PRODUCT STORAGE & HANDLING

|                                                                                                                                                                       |     |                      |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|----------------------|
| Is the Investigational Product Storage Room secured with controlled access?                                                                                           | Yes | No                   |
| Do you have the ability to generate a temperature monitoring log for this Investigational Product Storage Room?                                                       | Yes | No                   |
| Does the Investigational Product Storage Room provide Min/Max temperature monitoring?                                                                                 | Yes | No                   |
| Does the Investigational Product Storage Room have back-up power?                                                                                                     | Yes | No                   |
| Does the Investigational Product Storage Room have a temperature alarm?                                                                                               | Yes | No                   |
| Do you have an SOP which supports calibration of the temperature monitoring equipment?                                                                                | Yes | No                   |
| Does your Facility have the ability to manage on-site or off-site destruction of Investigational Product?                                                             | Yes | No                   |
| Does your Facility have a written SOP/Policy/Procedure for destruction of Investigational Product?                                                                    | Yes | No<br>Not Applicable |
| Do you provide your Satellite Site(s) with a dedicated inventory of Investigational Product?                                                                          | Yes | No<br>Not Applicable |
| Does your Facility have a written SOP/Policy/Procedure to ensure that Investigational Product is appropriately maintained during transportation to Satellite Site(s)? | Yes | No<br>Not Applicable |

Describe additional Investigational Product Storage & Handling Capabilities:

## PREPARATION AND ADMINISTRATION OF INVESTIGATIONAL PRODUCT

Identify the Investigational Product preparation capabilities at your Facility:

Extemporaneous Preparation

Vertical laminar flow hood (chemo/hazardous drugs)

Glove box (non-vented)

Horizontal laminar flow hood (non-hazardous drug preparation)

Glove box (vented to outside)

### Preparation and Administration of Investigational Product

|                                                      |     |    |
|------------------------------------------------------|-----|----|
| Is your Facility capable of administering infusions? | Yes | No |
|------------------------------------------------------|-----|----|

|                                                                                                                  |     |    |
|------------------------------------------------------------------------------------------------------------------|-----|----|
| Is your Facility adequately staffed to support studies with both blinded and un-blinded Investigational Product? | Yes | No |
|------------------------------------------------------------------------------------------------------------------|-----|----|

## CONTROLLED SUBSTANCES

*Controlled Substances are defined as: A drug or chemical whose manufacture, possession, or use is regulated by a government, such as illicitly used drugs or prescription medications that are designated a Controlled Drug.*

|                                                                                                                                                      |                |    |
|------------------------------------------------------------------------------------------------------------------------------------------------------|----------------|----|
| Does the Facility have the required licenses or registrations to receive, store, dispense and return controlled substances as required by local law? | Yes            | No |
|                                                                                                                                                      | Not Applicable |    |

|                                                                                                                         |                |    |
|-------------------------------------------------------------------------------------------------------------------------|----------------|----|
| Is the storage area for controlled substances securely constructed with restricted access in accordance with local law? | Yes            | No |
|                                                                                                                         | Not Applicable |    |

|                                                                                      |     |    |
|--------------------------------------------------------------------------------------|-----|----|
| Does the Facility have the ability to handle radio-labelled Investigational Product? | Yes | No |
|--------------------------------------------------------------------------------------|-----|----|

|                                                                                                                          |                |    |
|--------------------------------------------------------------------------------------------------------------------------|----------------|----|
| Does your Facility have the ability to manage on-site or off-site destruction of controlled substances when appropriate? | Yes            | No |
|                                                                                                                          | Not Applicable |    |

## ATTACHMENTS

Upload relevant Investigational Product & Controlled Substances documentation including: relevant SOPs for managing or storing Investigational Product(s), IP storage equipment, or licenses/registrations to receive, store, dispense and return controlled substances.

**Note:** Attachments can be uploaded online from the Facility Profile in SIP.

## **SOURCE DOCUMENTATION**

### **SOURCE DOCUMENTS**

What type of source documents will be used? (Select all that apply):

|  |       |            |
|--|-------|------------|
|  | Paper | Electronic |
|--|-------|------------|

Does your Facility have secure storage for patient records?

|  |     |    |
|--|-----|----|
|  | Yes | No |
|--|-----|----|

Does your Facility have patient record archiving on-site?

|  |     |    |
|--|-----|----|
|  | Yes | No |
|--|-----|----|

Provide Location name and address of any offsite archives.

### **ELECTRONIC MEDICAL RECORDS (EMR) /ELECTRONIC HEALTH RECORDS (EHR)**

Check all equipment that will be available to Monitors:

None

Phone

Fax

Copy Machines

Internet Access

What Electronic Data Capture (EDC) systems has your staff used for clinical trials?

None

Oracle Inform

Medidata Rave

Oracle Remote Data Capture (RDC)

Others

Describe Other EDC Systems:

## **ADDITIONAL INFORMATION AND ATTACHMENTS**

### **ADDITIONAL INFORMATION**

Please provide additional information not captured in other sections of the Facility Profile that you feel is important for Sponsors to know about your Facility. Please reference the section name, if applicable.

### **FACILITY ATTACHMENTS**

Upload any non-study specific Facility documents that have not been included in other sections of the profile. Lab, IRB/ERB/Ethics Committee, Investigational Product and Controlled Substance documentation should be included in those sections. The document type drop-down list provides examples of the type of documentation to be included in this section.

**Note:** Attachments can be uploaded online from the Facility Profile in SIP.
